Operating radius (m)	10.1
Filter bag capacity (l)	4
Power (W)	max. 2000
Suction hose m	2.28
Voltage (V)	220-240
Frequency (Hz)	50-60
Weight without access. (kg)	7
Dimensions (L x W x H) (mm)	383x370x373

## Details

### Description

- The QuickClick accessory change system provides quick and easy change between floor nozzle and small accessories with one hand in seconds. - The Easy Slider 360° swivel disc smoothly turns away the vacuum cleaner from obstacles like door frames or pieces of furniture on its own. It prevents the vacuum cleaner getting stuck and avoids scratches due to the soft material. - VC 6 range has a HEPA 12 hygiene filter as a standard accessory. The Hepa 12 filters have a particularly efficient seal for better dust reduction. As a result, even the smallest allergenic particles have no chance and the exhaust air is cleaner than the room air. - Another convenient feature: Remote control on handle - the ergonomic handle with comfortable softgrip insert and suction control. An LED display on the vacuum shows the chosen suction setting, clearly legible at a distance. Also integrated into the handle is a standby switch for short breaks in vacuuming. - Visual feature: Side panels in stainless steel look.

---

### Application

A powerful machine (2000 watts motor power) for thorough cleaning results which supports the customer for maximum convenience while vacuuming.

---

### Features & Benefits

QuickClick accessory change system Quick and easy change of accessories with one hand in seconds  
EasySlider swivel disc Convenient vacuuming without obstacles and interruptions, no scratches and damages on furniture  
Filter change indicator Always maximum suction power due to reliable indication for changing filter in time before performance is declining  
HEPA 12 filter Maximum air hygiene: exhaust air is free from allergy-causing particles  
Remote control on handgrip (VC 6300) Standby function and regulation of suction power without having to turn back to the machine  
Telescopic suction tube Optimal working convenience by individually adjustable stick length
